EXPERIENCE:

With CIVIC CITY // 10 milliards d'humains
2023
{Paris, 75011, France}   {Intern}

I was able to work in these associations (co-founded by **Ruedi BAUR**) during my second-year DNMADE internship. It was a highly professional and interesting experience that reinforced my desire to become a professional graphic designer.

With Camille COURLIVANT
2023
{La Rochelle, 17000, France}   {Intern}

Working with this multi-faceted freelance designer (Social, Product & Service Design) has opened my eyes to this status and to the scale and impact of our professions.

Freelance
2022 / Now

Every year since 2022 I've been asked by CAMP4 Vercors to create their event communications. I was also able to renew the identity and develop the website of the organization named ANS (Neuropsychology School Association).

LANGUAGE
French (Native)
English (B2/C1)

EDUCATION:

Master 1 degree course in design and Digital creation
2024/2026
{Estienne ESAIG, 18 boulevard Auguste-Blanqui 75013 Paris, France}   {Student}

Bachelor's degree in graphic design
2021 /2024
and strategies of communication
{ELMAD Auguste Renoir, Paris 75018, France}   {Student}

There, I learned graphic principles (hierarchy, composition, typography), printing processes (risography, screen printing, etc.) and software. Over the course of these three years, I was able to develop my own unique visual language as well as my ability to adapt when faced with a request. Finally, I was able to initiate a work of research on a subject that I personally wanted to explore further: **The use of free software in the practice of graphic designers.**

SOFTWARE
GOOD COMMAND :
Adobe	InDesign
Adobe	Photoshop
Adobe	Illustrator
Adobe	After Effects
	Glyphs
	Figma

IN LEARNING :
Blender
Scribus
Paged.js
Touch designer
Unreal Engine
Html / Css / Javascript

«Piscine»
Summer 2021
A.k.a. school 42 integration process
{42, Campus de Paris, 75017, France}   {Student}

An innovative IT school based on the concepts of autonomy and peer-to-peer learning. **Accepted.** It was my introduction to programmation, a field that still resonnnate with me.

1st year of medical school
2020
{SORBONNE University, Paris 75013, France}   {Student}

Scientific Baccalaureate
2020
biology option / **With honors**   {Student}
{High school Condorcet, Montreuil 93100, France}

CONTEST:

4e Edition of the International Graphic Design Biennial
2023
Student competition   {Competitor}
{Le Signe, Chaumont 52000, France}

Selected and exhibited with the project: 'Work In Progress...' answering the question: 'Who are You?' I was able to install my work in situ with the scenographer **Bruno Souêtre**. I also took part in **Guillaume Roux**'s workshop, which introduced me to game design.
